JUNIOR ACADEMY APPLICATION

INSTRUCTIONS FOR COMPLETING THE APPLICATION

This application is to be submitted to the local conference Office of Education **by May 1** by each junior academy which will offer secondary subjects during the coming school year.

I. Enrollment Statistics

Previous Year-Use the attendance figures reported on the annual report. (non-seventh-day Adventists are students from non-Adventist homes)

Current Year- Report the number of students in attendance as of the date the report is submitted.

Next Year- Provide an estimate of the number of students who may be expected to attend next year.

II. Teacher Certification

Information should be supplied for each teacher who is assigned responsibility for one or more classes for grade nine or ten.

Obtain the current information from the conference Office of Education. The information should state the certificate and endorsements that the teacher actually holds at the time this report is submitted.

III. Proposed Curriculum and Teaching Load

This section provides data on the proposed curriculum and teaching load for each teacher. Specific instructions for completing each column follows:

Teacher - List the name of each teacher who will be assigned teaching responsibilities in grades 7-9 or 7-10.

Certification- Place a "Yes or "No" to indicate whether the teacher has an endorsement on the denominational teaching certificate for that subject. If "N" in certification column - please indicate the teacher's status plan to become certified in the action plan (See the <u>Basic Standards</u> for the program your school is planning to offer)

Grade- List subjects under grade or grades that will be offered.

Time- Give the number of minutes per week that the proposed secondary class will be in session. (See the <u>Basic Standards</u> for the requirements for the program you plan to offer)

NOTE: Typically 1 credit = 200 minutes per week per year, ½ credit = 100 minutes per week per year, P.E. and Fine Arts excluded. Since academies do not recognize less than ½ credit per year, it is strongly suggested that offerings meet the minimum requirement of ½ credit per year.

Credit- Give credit which is to be granted for the proposed secondary course. (See the <u>Basic Standards</u> for minimums and maximums in your program)

Example: Alternate Program CLASSES OFFERED

Grade 9	Time per week	Credit per year	Certificate.	Teacher	Grade 10	Time per week	Credit per year	Certification
Bible II	200	1	Υ	J. Doe	Bible II	200	1	Υ
English II	200	1	Υ	D. Adams	English II`	200	1	Υ
Biology	319	1	N	K.O'Keel	Biology	319	1	N
Algebra I	250	1	Υ	J. Adams	Algebra II	200	1	Υ
Accounting	250	1	Υ	S. Smith	Accounting	250	1	N
